EDUCATION

National Institute of Technology, Warangal

2022-2026

Bachelor of Technology in Electrical and Electronics Engineering

CGPA: 7.91

EXPERIENCE

Oracle - Project intern

May 2025 - July 2025

Python(Pandas, NumPy), Llama 3.3 LLM, Jupyter Notebook

- Built **LLM-powered clustering system using embeddings**, improving semantic grouping of 3500+ requests.
- Designed **3-part evaluation framework for LLM outputs** using QA-based scoring and consensus voting
- Applied **NLP + embedding techniques** to improve clustering accuracy and semantic alignment.

National Institute of Technology, Warangal - Research Intern

May 2024 - Jun 2024

Python, Jupyter, TensorFlow and Keras, NumPy, Librosa, SKLearn, Matplotlib.

- Architected a **Speech Emotion Recognition** model using **CNN** (Deep Learning).
- Achieved **89.60% accuracy** in distinguishing between different emotion classes.

PROJECTS

AI-Powered Invoice Processing Automation | n8n, Zoho Books API, Gemini AI

Mar 2026

- Built a **production-ready invoice automation system** using n8n, processing 100+ invoices end-to-end from mail ingestion to ERP entry.
- Implemented **API integrations** with Zoho Books and Gemini AI, achieving **95%+ data extraction accuracy** with structured validation and normalization.
- Designed a **robust workflow** with error handling and reducing manual processing effort by **80%** and ensuring reliable bill creation.

Whispp - Chat Application ([Live](#))

Feb 2025

- *React.js, Node.js, Express, MongoDB, Socket.io, Zustand, JWT.*
- **Implemented** JWT-based authentication, **Zustand** for state management, and **secure session handling**, enabling reliable access for **50+ concurrent users**.
- Ensured **less than 100ms latency** and real-time updates for concurrent messaging.

TECHNICAL SKILLS

Languages: Python, C++, MySQL

AI/ML: LLMs, NLP, RAG, Deep Learning, CNN, Transformers, Clustering

Tools: TensorFlow, Keras, Scikit-learn, Librosa, FAISS

Frameworks/Technologies: React.js, Node.js, Express, MongoDB

Libraries: Pandas, NumPy, Matplotlib

Relevant Coursework: Data Structure and Algorithms (DSA), Python Programming

ACHIEVEMENTS

- **SSB Recommended** - Achieved **All India Rank - 77** in **National Defense Academy - 147**.
- Secured **98.45 percentile** in **JEE-Mains** and was among **top 2 percentile** in **JEE-Advanced**.
- Solved **470+** questions on **LeetCode** and 220+ questions on **GeeksforGeeks**.
- Secured rank among **Top-3** students in **Problem Solving and Computational Programming in C++** course.
- **Impact Tank 2024 Winners** and **Entrepreneur in Residence (EIR)** at NIT Warangal for **founding and scaling Deliverylia**.
- **Impact Tank 2025 Runners-up** at NIT Warangal.

POSITION OF RESPONSIBILITY

Vice President | *Business vertical of Business and Finance Club*

Jan 2023 - Present

- Led in-house sessions and organized **10+ events**, including 'Dutch Auction', with **150+ participants**.
- **Flagship events** such as Zerodha Varsity Quiz, Big Idea Battlefield, Dutch Auction and Trading Pit.

Executive Member | *Startup Facilities, Innovation Garage*

Oct 2024 - Present

- Mentored **13 startups** in early revenue stage. Notable startups received support from **T-HUB**.
- Organized **5+** events promoting entrepreneurship, including workshops attended by **100+ students**.
